

CREATING YOUR ACCOUNT (FOR PARENTS)

Go to www.khanacademy.org. If you haven't been to the site before and/or are not logged in, you'll see the image on the right.

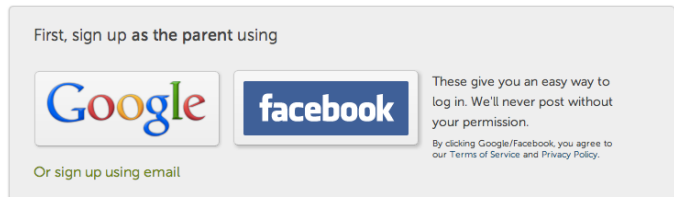

Click on **“Parents, start here”** at the bottom.

There are 3 sign-up options:

Using Google or Facebook: click on the relevant button and input your Google or FB account credentials.

Using an email address: select the “Sign up with email” link. Input the requested information. Be sure to input your parent information. After creating an account, you will have an opportunity to create your child's account.

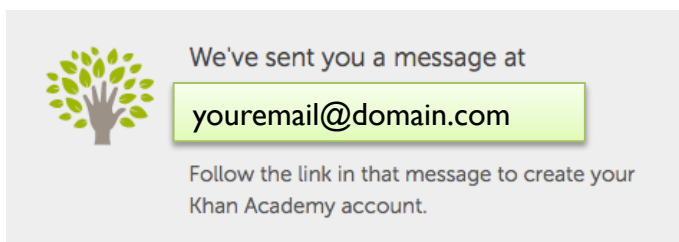

Already have an account? [Log in](#) and then we'll create your child's account.

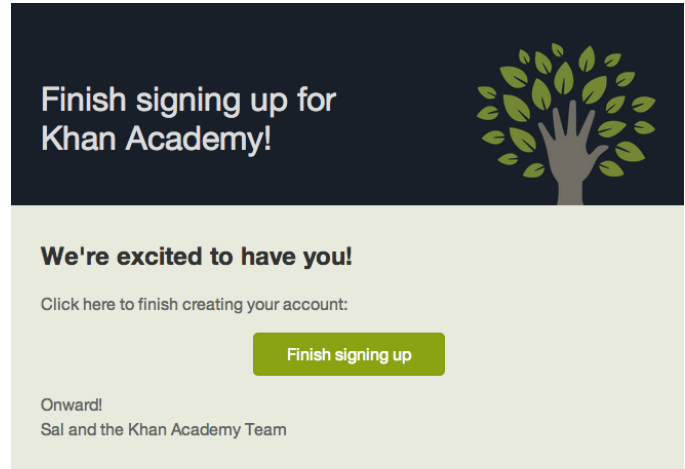

A screenshot of the sign-up form for email. It shows the text "First, sign up as the parent using" followed by two buttons: "Google" and "facebook". Below these buttons is the text "OR". Underneath, there are four input fields: "Parent's first name", "Parent's last name", "Parent's email", and "Parent's birthdate" (with dropdown menus for month, day, and year). A green "Get started" button is located at the bottom right of the form.

Already have an account? [Log in](#) and then we'll create your child's account.

An email will be sent to the email address you provide to complete the creation of your account.

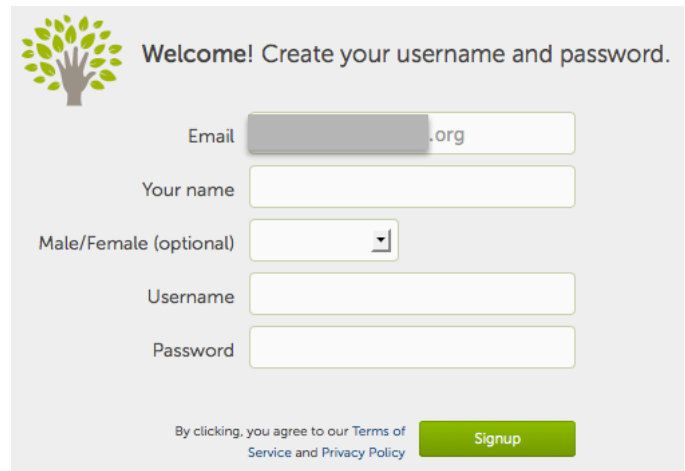

In the email, click the link to “Finish signing up”. This will open Khan Academy in your browser.

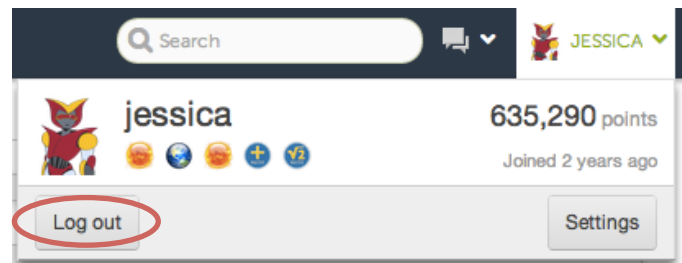

The email address you provided will already be entered. Fill out your name, username, and password.

Keep in mind that your username will appear on the website and your password will be required to log in.

NOTE: Should you need to change settings, click on your username in the upper right. You should see a small window pop down with a button in the lower right.
